

VETERANS VOICES SONG - NICKY WINTER'S SONG AND LYRICS
SUNG BY THE VETERANS COMMUNITY CHOIR S

If I need an addiction
I won't make it drink or drugs
To find myself in prison
Being treated like a thug

But it's not too late
To decide my fate
I still have a choice, to find my voice

*Choir - Join us as we sing
Help to others bring
Sing away the pain and
Start to thrive again*

I think of all I'm losing
Instead of music choosing
Fighting to stay alive
Now it's time to thrive

*Choir - Sing a joyful song
Let go of all the wrong
Lift our spirit high
To laugh instead of cry*

But it's not too late
To decide my fate
I still have a choice, to find my voice

*Choir - Join us as we sing
Help to others bring
Sing away the pain
And start to live again*

*Choir - Sing sing sing sing
Help to others bring
Sing away the pain
And start to live again*
